

Elders' Affirmation

The mission of Greenville Presbyterian Theological Seminary is to equip preachers, pastors, and churchmen for Christ's Kingdom. In this endeavor, we partner with the local church. Each applicant is required to submit an Elders' Affirmation Form from the church that holds his membership.

We take your endorsement most seriously. Your elders' endorsement is a testament on the part of your church as to the perceived fitness of the applicant for ministerial leadership and/or advanced theological education. We request that the elders prayerfully consider the statement listed below and vote their affirmation while in session. If an elders' affirmation is not possible due to extenuating circumstances, we will recognize the endorsement of the appropriate leadership of the church with documentation explaining the alternative process.

If the elders are unwilling to offer their affirmation of the applicant, please enclose a letter on official church letterhead stating the rationale for the elders' decision, and any other recommendations for us to consider.
